

Instructions for Completing and Submitting this Form:

1. This form is a contract between the student and their instructor (the project supervisor). It must be completed in its entirety in consultation with the supervisor.
2. Once completed, save the form to your computer. Students are encouraged to create a digital signature and electronically sign the form. *For instructions on how to create a digital signature, see page 4.*
3. Signed forms are to be emailed to the supervisor who will then digitally sign the document and submit it to the Department Chair for final approval. After the form is signed by the supervisor, it cannot be changed by the Chair.
4. The Chair will submit the form to ASIndependentStudy@macewan.ca on or before the application deadline. Faculty of Arts and Science Independent Study application deadlines are:

Fall term	August 1	Spring term	April 1
Winter term	December 1	Summer term	June 1

5. Students will be sent a notification to their mymacewan email account once the course has been scheduled.

Student Name: _____**Student ID:** _____**Course Number:** _____**Enrolment Term and Year:** _____**Course Topic:** _____

[Course topic should be filled in as it will appear on the student's transcript, using a maximum of 65 characters, including spaces]

Project Supervisor: _____**Supervisor Email:** _____*If applicable***Project Co-Supervisor:** _____**Co-Supervisor Email:** _____**Project Description:**

Using three to four sentences, describe your proposed project.

Have you completed the prerequisites for this independent study course? Please go to the Academic Calendar at www.macewan.ca/calendar and confirm.

In addition to the prerequisite courses, list the courses that are relevant to the proposed research that are in progress or that you have completed. If the course is completed, please include the grade.

Have you completed any other independent studies as part of your degree program? This includes all courses that are 398 and 498 as well as specific independent courses such as WINL 300, COSL 300, CMPT 496, SOCI 496, and SOCI 497. This does not include an Honours Thesis.

If yes, how many and in which discipline?

--

List your learning outcomes for this project (i.e. indicate what you hope to achieve).

Course Information, Evaluation, and Feedback

Course evaluation and feedback must include assignment values, due dates, and any other feedback strategies. The student must receive some feedback prior to the term's withdrawal deadline.

Signatures

This document can be completed with an electronic signature. If you do not have an electronic signature you will need to create one. Instructions on how to create a digital signature start on the next page.

Student Signature: _____

Date: _____

Project Supervisor Signature: _____

Date: _____

Department Chair Signature: _____

Date: _____

How to Create a Digital Signature

A digital signature is easy to create, and it can be saved to your computer for future signature requirements in Adobe Acrobat. Documents that require a digital signature will have a little red tab by the signature line (see the red box in Figure 1). Click on the red tab to start the process of creating a digital signature.

Figure 1

Once you click on the red tab, the following box will appear (Figure 2). Select “Create a new Digital ID” if you do not already have one. If you have previously created a signature, select “Use a Digital ID from a file”.

Figure 2

Once you select “Create a new Digital ID,” you will be asked if you wish to save the ID to your computer (Figure 3) and then to provide a bit of personal information (name, organizational unit, and email address) outlined in Figure 4.

Figure 3

Select the destination of the new Digital ID [X]

Digital IDs are typically issued by trusted providers that assure the validity of the identity. Self-signed Digital ID may not provide the same level of assurance and may not be accepted in some use cases.

Consult with your recipients if this is an acceptable form of authentication.

☒ **Save to File**
Save the Digital ID to a file in your computer

☐ **Save to Windows Certificate Store**
Save the Digital ID to Windows Certificate Store to be shared with other applications

[?] [Back] [Continue]

Figure 4

Create a self-signed Digital ID [X]

Enter the identity information to be used for creating the self-signed Digital ID.

Digital IDs that are self-signed by individuals do not provide the assurance that the identity information is valid. For this reason they may not be accepted in some use cases.

Name: Sally Student

Organizational Unit: MacEwan University

Organization Name: Enter Organization Name...

Email Address: sally.student@gmail.com

Country/Region: CA - CANADA

Key Algorithm: 2048-bit RSA

Use Digital ID for: Digital Signatures

[?] [Back] [Continue]

Once you fill in your personal information, select continue and then provide a password (Figure 5). Click the Save button. Please keep this password for future use.

Figure 5

The dialog box is titled "Save the self-signed Digital ID to a file" with a close button (X) in the top right corner. On the left, there is a grey informational box containing two paragraphs: "Add a password to protect the private key of the Digital ID. You will need this password again to use the Digital ID for signing." and "Save the Digital ID file in a known location so that you can copy or backup it." To the right of this box, the text "Your Digital ID will be saved at the following location :" is followed by a text input field containing the path "C:\Users\beken\AppData\Roaming\Microsoft\Windows" and a "Browse" button. Below this, the section "Apply a password to protect the Digital ID:" features a red-outlined password input field. Underneath, the section "Confirm the password:" also has a red-outlined password input field. At the bottom left is a help icon (?), and at the bottom right are "Back" and "Save" buttons.

Now your digital signature (or ID) is ready to be added to your PDF. Select your signature (Figure 6) and enter your password in the red box at the bottom (Figure 7).

Figure 6

The dialog box is titled "Sign with a Digital ID" with a close button (X) in the top right corner. It prompts the user to "Choose the Digital ID that you want to use for signing:" with a "Refresh" button to the right. Below this, a list item shows a selected radio button, a document icon, and the text "Sally Student (Digital ID file)" followed by "Issued by: Sally Student, Expires: 2023.06.29" and a "View Details" link. A large grey rectangular area is positioned below the list item. At the bottom left is a help icon (?), and at the bottom right are three buttons: "Configure New Digital ID", "Cancel", and "Continue".

Figure 7

You will then be asked to save your document to your computer (Figure 8).

Figure 8

Your digital signature will appear as in Figure 9.
